SUNY Downstate Medical Center participates in the Apply Yourself Application Network. We strongly recommend that you read the application instructions prior to beginning the application process. All applications to programs offered at SUNY Downstate Medical Center must be submitted electronically through ApplyYourself Webcenter.

Once you select “Create Account”, you will receive a PIN and Password. If you already have an Apply Yourself PIN from another school, you can use that same PIN to access and complete our application. You do not have to complete your application in one sitting. You are able to save your application and return to it later using your assigned PIN and Password.

Your information is transmitted through a secured server and is kept confidential until you submit your application. Only after you have submitted your application will it be available for review by our admissions staff. Please note that once you have submitted your application, you will not be able to upload any additional supporting documents. Any additional documents will need to be submitted to the Office of Student Admissions via admissions@downstate.edu.

What you need to complete your application online:

1. Your unofficial transcript(s) from all post-secondary schools attended readily available for reference and uploading into your online application. You may be required to complete a grid that asks for the cumulative GPA earned at each of the colleges where you completed your undergraduate and graduate degrees.

2. If you have completed part or all of your post-secondary education outside of the United States of America, you will be required to upload a course-by-course evaluation of your foreign transcript(s) to be completed by an affiliated NACES member. For a list of approved evaluation agencies, please visit the NACES website at www.naces.org. Do not upload your overseas college transcript(s). If accepted, you will be required to provide an official copy of this course-by-course evaluation.

3. You must submit two letters of recommendation. SUNY Downstate Medical Center has moved toward exclusive use of electronic recommendation submissions. Please have the names, titles and email addresses of your recommenders and confirm with them that they will be willing to complete a letter of recommendation on your behalf. Your letters should be written by:
   a. A professional colleague who can comment on your clinical abilities and/or your potential for success in graduate nursing education.
   b. A Current/former College/University Professor or an employer/supervisor.

4. Recommendations by individuals other than your College Professor or Employer/Supervisor will NOT be considered. Letters must be on our Recommendation Form or on letterhead. All letters must be signed to be acceptable. The Recommendation form must be completed in its entirety. Should the recommender wish to submit additional correspondence, he or she may do so on the institution letterhead. Please, be certain that you enter the correct email address for the recommenders so they can receive your request electronically.

5. Pay the non-refundable application-processing fee of $75. Upon submitting your application, you will receive an email within 24 to 48 hours containing a username and password, which should be used to access the admissions checklist. Once you log-in, click on the pay now link to submit your application fee. You will receive an email confirmation of your payment once you have submitted your application fee. Please allow 24 to 48 hours to update your application status. Applications will not be processed until the application fee is paid.

6. Upload a scanned copy of your New York State RN license.

7. If you were born outside the United States, please upload a scanned copy of your citizenship documentation (naturalization papers or U.S. passport), or submit a photocopy of your permanent resident card or a photocopy of your I-20, IAP-66, I-821 D, I-797, USCIS H1 or H4 approval form, etc.

8. If you are currently in the USA on a visa, indicate your visa category on your application and we will send you additional instructions. Do not upload photocopies of your Employment Authorization card, social security card, or driver's license, as these are not acceptable documents in the admissions process.

9. A scanned copy of your Resume/CV.

The Admissions Committee considers the individual qualifications of each applicant. Decisions regarding admission are based on a number of factors, including, but not limited to, the following:

7. Prior academic performance
8. Completion of prerequisite courses and the grades received in those courses, especially science courses
9. The results of standardized tests, when required
10. Letters of recommendation, communication skills, and motivation to pursue the profession
11. Volunteer or observational experience in the career field
12. Leadership, membership or professional organizations/associations

We recommend that you have volunteer or observational experience in a setting appropriate to your career choice, preferably before you apply.

Admissions decisions are final and may not be appealed.

All educational programs at Downstate Medical Center are open to all qualified prospective students regardless of race, religion, sex, color, creed, age, national origin, disability, sexual orientation, marital status or status as a disabled veteran or veteran of the Vietnam era. Admissions preference is given to New York State residents.

Pre-Admissions Advisement

We urge you to seek pre-admission advisement at least one year prior to the date you wish to apply for admission. Information Sessions (http://stis.downstate.edu/admissions/info_sessions/index.html) are available starting in July of each year, and are posted on the Admissions section of the website. Register for an Information Session on-line.

College Courses Completed in the United States

Official transcripts from all USA colleges/universities you have attended are required for uploading into your on-line application, regardless of how long ago you attended the college/university and whether or not courses from those colleges/universities are being used for prerequisite courses. Please indicate on the application any courses in progress, or the processing of your application will be delayed.

We only accept credits from a college or university accredited by a regional accrediting organization recognized by the Council for Higher Education Accreditation (CHEA) such as the Middle States Association of Colleges and Schools, New England Association of Schools and Colleges, North Central Association, Northwest Commission on Colleges and Universities, Southern Association of Colleges and Schools, and the Western Association of Schools and Colleges.

Studies Completed Outside of the United States

Applicants who have completed all or part of their post-secondary, college/university education in a country other than the United States are required to have a course-by-course, detailed, educational credential evaluation. A member of the National Association of Credential Evaluation Services (NACES) must complete the evaluation. For a list of approved evaluation agencies, please review the NACES website at www.naces.org.

Do not upload your overseas college transcript. Instead, upload the unofficial course-by-course evaluation report which was completed by a NACES agency, for example, World Education Services at www.wes.org. If accepted you will be required to provide an official copy of this course-by-course evaluation.

Credit by Examination Programs

If you have fulfilled admissions requirements through the College-Level Examination Program (CLEP) examinations, Regents College examinations, or Excelsior College examinations or DANTES, you must upload an unofficial copy of your score report into your Apply Yourself application. If admitted you must have the testing agency forward your official score report directly to the Office of Admissions (SUNY Downstate Medical Center, 450 Clarkson Avenue, MSC 60, Brooklyn, New York 11203),

Notification of admissions decisions is delivered electronically via your Apply Yourself application. We cannot communicate an admissions decision over the telephone. Admissions decisions are final and are not subject to appeal or reconsideration.

Once you are sent notification that your application has been sent to the Admissions Committee, please be patient and wait for written notification of your admissions status.

Early consideration for an admissions decision may be granted to competitive applicants who submit a completed application early. All applicants must submit their completed applications by the published deadline (for their respective program), to receive full consideration. Late applications will be considered on a space available basis.

Applicants who are not accepted for admission may reapply with enhanced credentials. Individual advisement appointments for a reapplication are not available, although you may register online to attend an Information Session. Application materials from the prior year’s admissions cycle may be used in the subsequent year’s reapplication. See guidelines under the heading “Re-applicants to Degree Programs”
