Students join the Summer Research Program in order to...

- conduct cutting-edge Clinical and Basic Science research
- collaborate with nationally recognized researchers
- present original scientific findings to the broader community
- learn about health disparities and social determinants of health
- earn $3000

...so what are you waiting for?

If you are a sophomore or a junior at a 4-year institution with a GPA of 3.0 or higher, contact the:

Undergraduate Summer Research Program
diversity.med@downstate.edu
Phone: 718-270-3033
Fax: 718-270-1929

The program is open to out-of-state residents, but housing is not provided. Applications are due MARCH 1st and are available on-line at:
