# Top 10 reasons to live on campus

1. **Academics**– we are right across the street from your classes, library and labs. Additionally, we have a quiet study lounge/computer lab located in the building.
2. **Custom Contracts**– don't get stuck in a 1 year lease if you only need one for 10 months.
3. **Community**– with programs, late night study sessions and the friendly staff you have the best community around.
4. **Friendships**– living with those going through the same experiences makes it easy to make new friends.
5. **Security**– there is a Public Safety Officer located at the entrance of the building and available 24 hours a day.
6. **Support**– Are you stuck on an assignment or need a study buddy? Chances are one lives right next door.
7. **Staff**– with staff available 24/7 there is always someone there no matter what problem you have.
8. **Privacy**– you can have your own room!
9. **Convenience**– did I mention we are right next to all of your classes? That means you don't have a commute! Your rooms are furnished rooms, we have lounges, study spaces, mail delivery and laundry on site.
10. **All your bills are combined into one**– cable, internet, electric are all included in your housing bill so there are no surprises.

Living in the Residence Halls is about meeting people and creating life-long bonds. Being a PA student, I feel like I have expanded my horizon beyond my classmates. I now have amazing friends not only in my program, but in the College of Medicine as well. I couldn't ask for anything more.

The benefit of dorm lifestyle: it allows me to build relationships with fellow schoolmates that you would not have the opportunity to do so if I was not living on campus. Also living on campus gives me the ability to focus on school work and curriculum goals.  
**Derek Chow, PT-Sr**

Living in the residence halls makes going to classes a lot easier since there is virtually no commute. I also like to live in a social environment where I can see my friends all around me.

Living in the Residence Halls is a great way to become a part of the Downstate community. The proximity to the school not only gives you easy access to study areas, but also helps you make lifelong friends and colleagues.  
**Daniel Nassau, COM 2014**

Living in the Residence halls has been a great experience, I have classes and the gym across the street, as well as many of my classmates minutes away.

# See what our students have to say...

My 1<sup>st</sup> and 2nd year I loved the community that the res halls provided and loved living close to my friends. Now as a 3<sup>rd</sup> year med student it is so convenient to live so close to the hospital. I never have to worry about the commute or parking problems and working late is not a problem because I just have to cross the street to get home.

"Although I can live anywhere in Brooklyn, I chose to live in the residence halls. It's great being able to ask my neighbor for anatomy tips, waffles on the weekend, and being able to wake up five minutes before class. Being a part of the res hall community has greatly enhanced my education, I look forward to living here until graduation!"

"A community within a community" The best thing about living in the Res Halls is having access to the surrounding communities that Downstate is a part of, while being able to form our own intimate community within.. It's the best of both worlds!!  
**Annekay Forbes, COM 2013**  
[Annekay.Forbes@Downstate.edu](mailto:Annekay.Forbes@Downstate.edu)

Choosing to live in the residence halls was the best decision I made. The convenience of living steps away from classes, the hospital, and the student center, makes life a whole lot easier. There is a comfort that comes with being part of the res hall community, and I recommend it for all Downstate students.  
**Kinjal Parikh, COM 2013**  
[Kinjal.Parikh@Downstate.edu](mailto:Kinjal.Parikh@Downstate.edu)

The res halls are the best places to live at Downstate! We are seconds away from school and the Student Center, which means more sleep, and there is a community of students all around you in case you need help or want a study break, snack and chat. It's nice to know that you have so many others around you to support and empathize with you.
