HOWARD HUGHES MEDICAL INSTITUTE – NIH RESEARCH SCHOLARS PROGRAM (Cloister Program)
Most students participate as Research Scholars after their 2nd or 3rd year of medical school. Students may work on basic, translational or applied biomedical research. Prior research experience may be advantageous but is not required. You select your preceptor and research project after your acceptance into the program. Students chosen as HHMI-NIH Research Scholars (about 40 are selected each year) will work at the NIH for approximately one year, beginning July 15 and August 31. The salary for one year is $17,800. Moving expenses and subsidized, on-campus housing are also part of the program. The application forms are now on-line at www.hhmi.org/cloister/download.html. The deadline for receipt of completed applications is January 10, 2003.

The CLINICAL RESEARCH TRAINING PROGRAM AT NIH is designed for students who have completed one year of clinical rotations (after MS 3 year). “At a time when translational research – moving results from bench to bedside – is a priority on the national research agenda, this program translates this goal into action through its emphasis on educating physician-scientists for the coming generation. 15 students are selected each year. Application deadline is January 15, 2003. One information packet is in the Office of Student Affairs. The entire application process is conducted online at www.training.nih.gov/crtp.

MS 3’s and MS 4’s NEEDED
We need MS 3 and MS 4 students to do campus tours for medical school applicants. Please contact Ms. Ilana Levine (College of Medicine Interview Coordinator) in the Admissions Office if you are available from 12-1 p.m. Or, contact her via email or internet (ilevine@downstate.edu) Remember, you get a free lunch, and regular tour guides can list this on their residency CV! We’ve found that many applicants want to know about the clinical years which the MS 1 and MS 2 students cannot describe from personal experience. So we are looking for ways to involve more clinical year students in the admissions process to provide this kind of information.

MS 1 & MS 2 CARREL COORDINATORS
MS 1 students should report carrel or key problems to Natasha Stepanets in Room 605, HSEB; telephone x7524. She has an email account so you can email her.

MS 2 students should report carrel or key problems to Hugh Pitter in Room 511, HSEB; telephone X7507 and he’s on email too.

DID YOU DO SOMETHING NICE THIS SUMMER?
If you are a second year medical student and you did research or some other educationally related experience this summer, do not forget to have your preceptor/supervisor send a letter describing your experience (what you did) and how you performed to the Student Affairs Office (Box 85) for inclusion in your academic file. The letter should be addressed to me. The letter must be from your preceptor/attending, not from you.

PUBLIC SERVICE COORDINATOR
Michael Harrell is SUNY Downstate’s Public Service Coordinator. In this capacity, he will support students, in groups and as individuals, in their community service projects. His goal is to encourage more students to become involved in the community by informing them of volunteer opportunities, identify faculty members as mentors, and serve as liaison to community groups. You can reach him in the Office of Institutional Advancement, BSB 1-101 or by calling X1490. He will also be at the Student Activities Fair in September.

ARE YOU CALIFORNIA BOUND?
If you are planning on practicing in California, we recommend that you take the Family Practice track of the Primary Care I Clerkship.

STANDARDIZED PATIENT PROGRAM OF THE NATIONAL BOARDS
The National Boards is planning the inclusion of a test of clinical skills as part of the USMLE (passing required for licensure), at some point in the future. Perhaps as early as for the Class of 2005. The inclusion of standardized patient experiences in the curriculum of SUNY Downstate is advantageous to acclimate you to what will be part of your required competencies in the future. Make the most of the opportunity! An article on the Standardized Patient Program of the National Boards is posted in the glass bulletin board.

PAUL & DAISY SOROS FELLOWSHIPS FOR NEW AMERICANS
Supports 30 students for up to two years of graduate study. The Fellowship provides annually $20,000 maintenance and half tuition. Candidates must be either permanent residents, naturalized citizens, or children of two naturalized citizen parents. Application deadline is November 30, 2002. For details and an application, see www.pdsoros.org.
