### WHY ARE ALL OF THOSE DOORS CLOSED?

Have you been wondering why the corridor and office doors are closed? The fire marshal came by and apparently all of the doors have to be closed to fulfill fire regulations. So it's not to make life difficult (try opening one of the heavy doors with both hands carrying something) or to make the corridors seem unfriendly – we're complying with fire laws!

### WHERE TO GO FOR...

**Curriculum Changes** – The Curriculum and Educational Policies Committee of the Faculty of the College of Medicine is chaired by Dr. Margaret Golden from the Dept. of Pediatrics and has 2 student representatives from each medical school class year.

**Curriculum Changes, Academic Requirements Changes, Academic Policy Changes** – The Dean's Education Council oversees the curriculum and academic policies for all four medical school years. The Committee is chaired by Stanley Friedman, M.D., Senior Associate Dean for Education. The Committee's recommendations go directly to the Dean of the College of Medicine, Ian Taylor, M.D., Ph.D. There are two student representatives on the committee – the president of Medical Student Council (Michael Seibert) and the president of the MS 4 class (John Chi). The Committee meets once a month.

### WHERE TO GET DIFFERENT TYPES OF LETTERS

**Attendance:** Letters simply certifying that you are in a student in school, or in good academic standing, etc. may be obtained directly from the Registrar's Office. This also applies to applications for away (extramural) electives.

#### Scholarship Letters and School Letters of

**Recommendation for Special Programs:** If you are applying for a scholarship, award, or special program (e.g. summer research, summer clinical, Alaska Health Service elective, NIH research year, etc.) and they require a letter of recommendation from the school, or a letter from the dean, or something more than attendance, then this goes through the Office of Student Affairs.

Write out your name, the nature of your request, the complete title and mailing address of where the letter should be sent, any deadline date, any items, which **must** be included in the letter, **and** any information which you would like included about activities, which you have been involved in during medical school. **Allow 5 business days for completion.**

**Faculty Letters of Recommendation:** If you are a MS 1 student applying for a summer program or a scholarship which requires a faculty letter of recommendation, remember your preceptors, small group discussion leaders, etc. that you have had in your courses may be able to write you a letter if you don't feel you know your block director well enough. If you still feel you are having a problem or don't have enough references, then drop off a copy of what you are applying for to the Office of Student Affairs along with a note describing your problem and I will provide advice on what you should do.

**Jury Duty Letters:** You can request a letter from the Office of Student Affairs requesting the court to postpone your dates of jury duty. We have no guarantee that the court will do so. The court's final decision prevails. You may need to serve during your vacation period.
