ONE YEAR RESEARCH PROGRAMS

THE SARNOFF FELLOWSHIP PROGRAM
This program offers medical students who have completed their second or third year of medical school to conduct research for one year. Prior research experience is not a prerequisite. The annual stipend is $27,500. The fellowship program’s website is www.SarnoffFoundation.org. Application deadline is January 12, 2011.

DORIS DUKE CLINICAL RESEARCH FELLOWSHIP PROGRAM
The Doris Duke Clinical Research Fellowship Program provides one-year fellowships to medical students, who have completed at least two or more years of medical school, to spend an extra year in one of 10 participating medical schools to receive both didactic and 'hands-on' mentored clinical research training, beginning July 2011. There are also 12 international fellowships. For more information about the Yale international program, go to http://medicine.yale.edu/education/osr/student/funding/oneyear/ddcf.aspx

Fellows will receive stipends plus health insurance to spend a year conducting clinical research and receiving didactic training. We were pleased to have two students accepted into this program last year, and one is participating this year.

Additional program information including links to each participating school's web site is at http://www.ddcf.org/Medical-Research/Program-Strategies/Clinical-Research/Clinical-Research-Fellowship-for-Medical-Students/Application deadline January 12, 2011.

HOWARD HUGHES MEDICAL INSTITUTE
NIH Research Scholars Program (Cloister Program)
Most students participate as Research Scholars after their 2nd or 3rd year of medical school. Students may work on basic, translational or applied biomedical research. Prior research experience may be advantageous but is not required. You select your preceptor and research project after your acceptance into the program. Students chosen as HHMI-NIH Research Scholars (about 40 are selected each year – we have had students chosen for this program) will work at the NIH for approximately one year, beginning July 15 and August 31. There is a stipend. Moving expenses and subsidized, on-campus housing is also part of the program. The application is now available. Application deadline January 10, 2011. For more information go to www.hhmi.org/cloister

HHMI Research Training Fellowships for Medical Students (Medical Fellows Program - non-cloister)
This permits students to spend one year conducting research at any school or non-profit research institution in the USA except the NIH. We have had students do this program, too! There is a stipend. The application is now available. The application deadline is January 11, 2011. For more information go to www.hhmi.org/medfellowships

Medical Research Fellows Program at Janelia Farm is in Ashburn, Virginia (Washington, DC area) and is for those with an interest in neuronal networking and/or imaging. For more information, go to www.hhmi.org/medfellowships

Duchenne Muscular Dystrophy (DMD)
The Howard Hughes Medical Institute (HHMI) and the GM Trust (GMT) are sponsoring a one year research fellowship to do research in a field related to Duchenne Muscular Dystrophy through the HHMI Medical Research Fellows Program (see above). The application deadline is January 11, 2011. For further information, go to www.hhmi.org/medfellowships

The NIH CLINICAL RESEARCH TRAINING PROGRAM is a one-year program at the NIH for medical students who have completed one year of clinical rotations (you spend the year in-between the third and fourth year at the NIH. 30 students per year are accepted into the program. There is a stipend. Read about the NIH Clinical Research Training Program at: http://www.cc.nih.gov/training/crtp/crtp.html Application available in October. Application deadline is January 17, 2011.

Individuals may order these products from our secure web site at http://www.ubmicrosuny.com/.

HOW TO HELP IN THE EVENT OF A CITY-WIDE EMERGENCY- Join the Medical Reserve Corps/NYC

The New York City Dept. of Health is seeking health professions students (medical, nursing, health related) to join their Medical Reserve Corps. In addition to free membership, Medical Reserve Corps members will receive training on how to assist New York City in the event of a national health emergency.

The Medical Reserve Corps/NYC has been created to mobilize health professionals who want to partner with the Department of Health and Mental Hygiene during a local health emergency that would require the City to open Points of Distribution clinics (PODs). The goal of the MRC is to bring together the knowledge, expertise and skills of many different health professionals to address public health crises. Any licensed or certified health professional, who lives or works in New York City, can join the MRC. Please visit www.medicalreserve.org for more information and to register. You may also call 866-NYC-DOH1 for more information or to register, and email any questions to healthmrc@health.nyc.gov.

WHERE TO GO FOR...
Curriculum Changes – The Curriculum and Educational Policies Committee of the Faculty of the College of Medicine is chaired by Dr. Keith Williams from the Dept. of Physiology and Pharmacology, and has 2 student representatives from each medical school class year.

Curriculum Changes, Academic Requirements Changes, Academic Policy Changes – The Dean’s Education Council oversees the curriculum and academic policies for all four medical school years. The Committee is chaired by Stanley Friedman, M.D., Senior Associate Dean for Education. The Committee’s recommendations go directly to the Dean of the College of Medicine, Ian Taylor, M.D., Ph.D. There are 2 student representatives on the committee – the president of Medical Student Council (Michael Allison) and the president of the MS 4 class (Jessica Wong). The Committee meets once a month.

WHERE TO GET DIFFERENT TYPES OF LETTERS
http://sis.downstate.edu/student_affairs/where_to_get_letters.html

Attendance: Letters simply certifying that you are in a student in school, or in good academic standing, etc. may be obtained directly from the Office of the Registrar. This also applies to applications for away (extramural) electives.

Scholarship Letters and School Letters of Recommendation for Special Programs: If you are applying for a scholarship, award, or special program (e.g. summer research, summer clinical, Alaska Health Service elective, NIH research year, etc.) and they require a letter of recommendation from the school, or a letter from the dean, or something more than attendance, then this goes through the Office of Student Affairs.

Write out your name, the nature of your request, the complete title and mailing address of where the letter should be sent, any deadline date, any items, which must be included in the letter, and any information which you would like included about activities, which you have been involved in during medical school. Allow 5 business days for completion.

Faculty Letters of Recommendation: If you are a MS 1 student applying for a summer program or a scholarship which requires a faculty letter of recommendation, remember your preceptors, small group discussion leaders, etc. that you have had in your courses may be able to write you a letter if you don’t feel you know your block director well enough. If you still feel you are having a problem or don’t have enough references, then drop off a copy of what you are applying for to the Office of Student Affairs along with a note describing your problem and I will provide advice on what you should do.

Jury Duty Letters: You can request a letter from the Office of Student Affairs requesting the court to postpone your dates of jury duty. We have no guarantee that the court will do so. Bring the original copy of your summons to the Office of Student Affairs. The court’s final decision prevails. You may need to serve during your vacation period.
