We are happy to offer several exciting sub-internship opportunities for 4th year medical students in the San Francisco Bay Area. Attached is the Kaiser Oakland Pediatrics Residency Program Sub-Internship brochure and along with a cover letter which describes our program in greater detail. Please pass this information along to all medical students in your medical school.

For questions, please contact myself, Trixy Bulda at (510) 752-1375, email: trixy.bulda@kp.org or Dr. Abhay Dandekar, program director, at (510) 752-1442, email: abhay.dandekar@kp.org.

Thank you much in advance,

Trixy F. Bulda
GME Coordinator for Pediatrics Residency Program
